

NO MORE PLASTIC

Global problem

the plastic is a threat.
is a problem.
is a pain.
is a punch to the planet.

If you want to save the world: start from you.

The problem in Spain.

The plastic is invading all Spain.

Spain onely Spain consume 35000 millions of bottles of plastic per year.

Save Spain.

- Start in your country or villege or city or hous.
- minus plastic, in all Spain.
